Sun Diagnostics: Advancing Laboratory Medicine and Improving Healthcare

NEW GLOUCESTER, Maine

Today, [Sun Diagnostics](#) announced the appointment of Kwok Yeung, PhD., as Chief Executive Officer. Dr. Yeung brings more than 35 years of *in-vitro* diagnostics experience, having previously served as Vice President, R&D, for Bayer Healthcare and Idexx Laboratories and Chief Scientific Officer for Bayer Healthcare. Dr. Yeung holds a number of key patents in the immunoassay field and has published widely in many peer reviewed scientific journals.

“We welcome Kwok’s experience and leadership and know that he will be a great asset to our company moving forward”, said John Contois, Founder and President of Sun Diagnostics.

“I am excited about joining the newly established Sun Diagnostics and having the opportunity to build a dynamic, progressive company”, said Dr. Yeung. “We plan to develop a unique portfolio of products based on proprietary technologies, with emphasis in human cardiovascular disease testing. Our company looks forward to contributing to the community of southern Maine.”

Dr. Yeung and his family reside in Falmouth, Maine.
